RESUME HEADLINE

Skilled in .NET Core, C#, ASP.NET, MVC, SQL Server | Strong foundation in OOPs, RESTful APIs, and Application Development

SUMMARY

Software Developer with 2.6+ years of experience in application development and customer-facing roles. Solid understanding of OOPs concepts and implementation. Skilled in consuming RESTful APIs using JavaScript, jQuery, and HTTP Client. Proficient in working with SQL Server for writing stored procedures, queries, and accessing database tables using ADO.NET and Entity Framework. Familiar with testing tools like Postman and Swagger. Knowledgeable in backend technologies such as .NET Framework, .NET Core, C#, ASP.NET, MVC, LINQ, and RESTful Web APIs. Experienced with frontend technologies including HTML5, CSS3, Bootstrap, JavaScript, Angular, and jQuery. Enthusiastic about learning and applying SOLID principles and design patterns in software solutions.

Technical Skills

- **Server-Side Technologies and Languages : .**NET Framework, .NET core, C#, ASP.NET, MVC 5, LINQ , ADO.NET, Entity Framework etc.
- Database: MS SQL Server, MySQL.
- Operating System : Windows 7 and later.
- Frontend Technologies: HTML5, CSS3, Bootstrap, JavaScript, Ajax, jQuery, Angular, etc

Experience

FUTUREFOLD SOFTWARE PVT. LTD.

Software Developer Apr 2023 – Present

PROJECTS

1) Healthcare Appointment Scheduling System

- Domain: Healthcare
- **Tech Stack**: ASP.NET MVC5, C#, Entity Framework, MS SQL Server, HTML5, CSS3, Bootstrap, JavaScript, jQuery, Ajax.
- Overview :

The Healthcare Appointment Scheduling System is a web-based application developed using ASP.NET MVC to simplify the process of booking and managing appointments with medical practitioners. It provides patients with a user-friendly interface, real-time doctor availability, and automated appointment reminders, ensuring an efficient and seamless healthcare experience for both patients and doctors.

• Roles and Responsibilities:

- Developed backend logic using C#, ASP.NET MVC Controllers, and Entity Framework.
- Designed and implemented relational database schema using MS SQL Server.
- Built responsive front-end pages using HTML5, CSS3, Bootstrap, and jQuery.
- Integrated real-time appointment scheduling and availability features using Ajax.
- Implemented automated email/SMS reminders for patient appointments.

Key Features:

Appointment booking and management with real-time doctor availability, patient profiles, and automated reminders. Includes doctor administrative tools for managing doctors, patients, and billing.

2) Apartment Visitor Management System

- **Domain**: Apartment / Security Management System
- **Tech Stack**: ASP.NET MVC5, C#, Entity Framework, MS SQL Server, HTML5, CSS3, Bootstrap, JavaScript, jQuery, Ajax.

• Overview:

The Apartment Visitor Management System is a web-based solution developed using ASP.NET MVC to streamline and secure the visitor management process in residential apartment complexes. It enables residents to pre-register visitors, supports QR code-based check-ins, provides real-time monitoring for security personnel, and integrates with access control systems to ensure a safe and efficient entry process.

• Roles and Responsibilities:

- Designed and developed backend logic using C#, ASP.NET MVC, and Entity Framework.
- Created responsive and interactive front-end interfaces using HTML5, CSS3, Bootstrap, and jQuery.
- Implemented resident pre-registration and QR code generation for streamlined check-ins.
- Integrated real-time visitor monitoring and access control using Ajax-based updates.
- Developed modules for visitor history tracking, analytics, and reporting.
- Ensured data integrity and security with proper authentication and authorization mechanisms.

Key Features:

Resident pre-registration with QR codes, quick self-service check-ins, and real-time security monitoring. Includes access control integration and visitor history tracking for analytics and emergency use.

EDUCATION

| Stream | Board/University | Passing Year | Percentage |
|-----------------------|-------------------------------------|--------------|------------|
| BSc(Computer Science) | Savitribai Phule University Pune | 2023 | 73.23% |
| HSC | Maharashtra State Board | 2020 | 61.54% |
| SSC | Maharashtra State Board | 2018 | 74.80 % |

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
