Skilled in Laravel MVC, ORM, RESTful APIs, and frontend technologies (HTML, CSS, Bootstrap, JavaScript, jQuery, Ajax). Experienced in deployment, hosting configuration, database optimization, and troubleshooting. Strong problem-solving, adaptability, and collaboration skills.

Technical Skills

Programming & Frameworks: PHP, Laravel, Node.js (Baileys, Express), React (basic), Python (basic)
Frontend: HTML5, CSS3, Bootstrap, JavaScript, jQuery, Ajax
Database: MySQL, SQL Server, Navicat, Migrations & Seeders
Tools & Others: RESTful API Integration, Git, Middleware Security, Responsive UI, Deployment

Professional Experience

SmartZEN Solutions — *Web Developer*   Jun 2023 – Present

- Delivered multiple Laravel-based web applications, improving performance, scalability, and client satisfaction.

- Developed and deployed a Bulk WhatsApp Messaging Platform using Laravel & Node.js (Baileys API), enabling multi-user communication and workflow automation.

- Built and maintained a Gas Supply Management System, integrating third-party APIs for automated notifications and operational efficiency.

- Designed and optimized RESTful APIs for secure integration with third-party services and efficient data exchange.

- Managed database operations including migrations, optimization, backups, and performance tuning, ensuring data integrity and uptime.

- Led development of an Invoice Generation App for RFQs, quotations, jobs, and receipts, improving operational accuracy.

- Contributed to Project Management and HR tools with responsive UI, middleware security, and role-based access control.

- Collaborated with cross-functional teams to analyze requirements, propose solutions, and deliver projects on time.

Key Projects

Gas Supply Management System: Delivery tracking and invoicing platform integrating third-party APIs for real-time notifications.

Bulk WhatsApp Messaging Platform: Custom WhatsApp API solution (Laravel & Node.js) with QR-based login, group retrieval, queued delivery, and live support.

Invoice & HR Tools: Business management apps for RFQs, invoices, and HR operations with secure middleware and responsive UI.

Education

Loyola Institute of Technology and Science   Jul 2019 – Jun 2023
B.Tech — Information Technology   —   CGPA: 8.2
