SUMMARY

Experienced Web Developer skilled in .NET development with a strong foundation in .NET and JavaScript technologies. Having experience in building RESTful APIs, integrating third-party systems, optimizing performance, and debugging complex issues. Passionate about clean code, modern frameworks, and collaborative team environments.

TECHNICAL SKILLS

Languages: C#, JavaScript, SQL, HTML, CSS, jQuery

Frameworks: ASP.NET, .NET Core, .NET Blazor, .NET WEB API, ASP.NET MVC, Entity Framework, SQL Server

Libraries/Tools: Git, Visual Studio, SSMS, Swagger

PROFESSIONAL EXPERIENCE

Software Engineer

Lannet Infotech LLP — Noida, Uttar Pradesh

Dec 2024 – Present

IT & Services

- Working on enterprise projects involving API integration, Blazor apps, and Azure deployment.

Software Developer

AD Software Solutions — Delhi, India

Apr 2023 – Dec 2024

IT & Services

- Worked on IRCTC government projects as an ASP.NET developer.
- Developed and maintained backend services using ASP.NET Core.
- Involved in face recognition project implementation.

Jr. Software Developer

MRM/McCann — Gurugram

Apr 2022 – Apr 2023

Digital Marketing

- Worked on high-profile projects like JCB, NASSCOM, and BITS Pilani.

CERTIFICATIONS

Udemy Certified: Asp.Net MVC 5

Issued Oct 2025

Udemy

Credential ID: UC-2214277d-0232-43ee-8854-2d10af534140

Asp.Net MVC 5 - Ultimate Guide - In depth Sample Project

PROJECTS

Edenred Employee Benefits Admin Portal

Dec 2024 – Present

.NET Core, Blazor, Entity Framework, Azure, GitHub, SQL Server, C, JavaScript

- Built a secure, user-friendly admin portal for managing employee benefit schemes using Blazor and .NET Core.
- Integrated CI/CD pipelines and cloud deployment via Azure for high performance and availability.
- Used by global clients such as Amazon and Google to manage benefit operations efficiently.

CWECS Advanced Hi-Tech

May 2024 – Nov 2024

ASP.NET MVC, C, MySQL, JavaScript, jQuery, Swagger

- Contributed to scalable module development for a government project optimizing water and energy usage.

- Implemented dynamic charting and reporting for environmental analysis using MVC architecture.

CWECS Reporting System

Sep 2024 – Nov 2024

ASP.NET MVC, C, JavaScript

- Developed interactive dashboards for operational analytics and decision-making insights.

Moowr Reconciliation Platform

Jun 2024 – Nov 2024

Node.js, Express.js, MySQL2, Sequelize, EJS, HTML, CSS, jQuery

- Built backend services for import/export operations, shipment tracking, and customs duty reconciliation.
- Automated invoice generation and financial data pipeline integration.

ClaimsToExcel

May 2023 – Jun 2023

Node.js, Express, Sequelize, MySQL

- Built backend logic to process healthcare claims and export them in structured Excel reports.

TRIS Web API

Aug 2023 – May 2024

ASP.NET Core, C, Entity Framework, MySQL

- Designed RESTful APIs for train tracking, user management, and facial recognition with high-performance tuning.

TRIS Dashboard

Sep 2023 – May 2024

ASP.NET Core MVC, C, jQuery, Swagger

- Developed a modular, secure dashboard with face recognition login and customizable reports.

EDUCATION

Guru Gobind Singh Indraprastha University

BCA (Computer Applications)

New Delhi, India

Aug 2018 – Apr 2021

- Graduated with 74%

Sarvodaya Bal Vidyalaya

Class XII

New Delhi, India

Apr 2017 – Apr 2018

- CBSE, Scored 51%
