ARIYA A D

Junior Software Developer

aryaad1423@mail.com | 9074582159 | [LinkedIn](#)

SUMMARY

Junior PHP Developer with professional experience in building and maintaining web applications using PHP, Laravel, MySQL, JavaScript, React, and Inertia.js. Strong foundation in software development principles backed by an MCA degree. Demonstrated ability to work in Agile environments, collaborate with cross-functional teams, and deliver clean, efficient, and scalable code. Passionate about backend development with a growing full-stack skillset.

EXPERIENCE

Junior PHP Developer

Craysol Technologies Pvt Ltd | Jan 2024 - Present

- Developed and maintained scalable backend features using PHP 8, Laravel, and MySQL, ensuring high availability and optimized performance.
- Built interactive and dynamic front-end interfaces using React, Inertia.js, and JavaScript, improving page responsiveness and user experience.
- Designed, implemented, and consumed RESTful APIs, enabling smooth communication between front-end and server-side components.
- Wrote optimized SQL queries, created database schemas, and implemented indexing strategies, resulting in improved query performance.
- Integrated third-party APIs (payment gateways, authentication modules, external services) and ensured secure data exchanges.
- Refactored legacy modules, improved code readability, and reduced technical debt using MVC and clean code principles.
- Leveraged Git & GitHub for version control, managing branches, handling pull requests, and performing code reviews.
- Participated in Agile/Scrum activities including sprint planning, daily stand-ups, demos, and retrospectives to align development tasks with project goals.
- Ensured application security by implementing validation, sanitization, CSRF protection, and secure authentication flows.
- Created reusable components, optimized API response times, and contributed to overall system stability and maintainability.
- Collaborated closely with designers, senior developers, and QA teams to deliver features on time with minimal defects.
- Performed debugging and troubleshooting across both frontend and backend layers using browser DevTools and Laravel debugging tools.

TECHNICAL SKILLS

Languages: PHP · JavaScript · HTML · CSS · Databases: MySQL · Frameworks / Libraries: Laravel · Inertia.js · React · Additional Knowledge: Java · Python · Django · C# · C/C++

TOOLS

Tools: Git · GitHub · VS Code · Development Methods: Agile/Scrum · MVC architecture · REST APIs · Frameworks / Libraries: Laravel · Inertia.js · React

EDUCATION

IMCA

SCMS School of Technology And Management

Aug 2018 - Dec 2023

CGPA - 7.82
