Objective

Software Engineer with 3+ years of experience in developing scalable, high-performance applications. Proven success in reducing software costs by 30% and boosting user engagement by 20%. Proficient in Angular, .NET Core, RESTful APIs, and SQL Server, with a strong focus on delivering user-centric, maintainable software solutions. Experienced in Agile environments and effective collaboration across cross-functional teams.

Experience

Larsen & Toubro   Chennai, Tamil Nadu

Software Engineer   *Oct 2023 – Present*

- Applied Agentic AI to automate Accounts Payable scrutiny, significantly reducing manual effort.
- Developed and enhanced Accounts Payable and Customer Bank Guarantee modules.
- Digitalized the Company Owned Car Scheme (COCS) by automating 11 approval steps with system notifications using .NET, SQL Server, RDS, and Angular.
- Improved application performance and reduced rework by 25% through bug fixes and adherence to best coding practices.

Larsen & Toubro   Chennai, Tamil Nadu

Graduate Engineer Trainee   *Oct 2022- Oct 2023*

- Migrated legacy applications from .NET Core 3.1 to .NET 6 and Angular v7 to v13.
- Designed and implemented RESTful APIs for third-party integrations.
- Developed MS Teams Workbench Approval integrations to streamline internal approvals.

Education

Raghu Institute of Technology   Visakhapatnam, Andhra Pradesh

Bachelor of Technology   May 2022

Cumulative GPA: 8.88

Narayana Junior College, Intermediate   Visakhapatnam, Andhra Pradesh

Pre-University Course   May 2018

Cumulative GPA: 9.38
