🔗 Profile

- Full-Stack Web & Mobile App Developer with 3.6+ years of experience in designing, developing, and deploying end-to-end solutions. Proficient in front-end technologies including ReactJS and React Native, with strong expertise in back-end development using .Net Core, Asp.Net Mvc, Web Form, Web Api, AJAX, JSON, jQuery, Crystal Reports, and ODBC. Skilled in Python/Django for data integration and reporting. Adept at delivering client-focused projects from concept to deployment, ensuring performance, scalability, and maintainability. Experienced in collaborating with cross-functional teams to drive innovation and create high-impact solutions. Passionate about leveraging technical expertise to exceed organizational goals.

🎓 Education

2018 – 2022	Bachelor Of Engineering(ECE) M.A.M College of Engineering	Trichy, TamilNadu, India
-------------	---	-----------------------------

🧰 Professional Experience

2025 – Present	Full Stack Web And Mobile App Developer Proyasis Solutions	Kochi, Kerala, India
----------------	--	-------------------------

Currently working as a Senior Developer, leading end-to-end development of enterprise-level web and mobile applications. Experienced in designing scalable architectures with microservices, REST APIs, and cloud-based deployments. Skilled in mentoring junior developers, conducting code reviews, and ensuring adherence to best practices and coding standards. Adept at collaborating with cross-functional teams to deliver high-performance, client-focused solutions within deadlines. Proficient in driving innovation and automation by integrating tools such as CI/CD pipelines, Docker, and Azure DevOps for efficient and reliable delivery.

2024 – 2025	Full Stack Web And Mobile App developer Pisquare software solutions	Trichy, TamilNadu, India
-------------	---	-----------------------------

As a full-stack developer at Pisquare, I worked on web and mobile applications, including eCommerce, banking, and payment gateways. I built online store features, integrated secure payments, and managed transactions. As Junior Technical Lead, I handled project planning, resource allocation, and timelines, ensuring successful project deliveries.

2022 – 2024

Full Stack Developer

Trichy, TamilNadu,
India

Skap Technologies

- Worked as a full-stack developer at a reputed software company, handling end-to-end development, including both front-end and back-end responsibilities. Developed and delivered projects for the Office of Software Technology (OFT), Trichy, associated with the Central Government, focusing on enhancing security systems. Served as the lead engineer for OFT projects, overseeing front-end design and back-end development. Managed access to the ITC live server, acting as the primary liaison for project implementation. Conducted comprehensive software testing to ensure robust and secure solutions for the OFT. Gained extensive experience by overcoming significant challenges in live project execution for diverse clients, accumulating two years of valuable professional expertise.
