Professional Experience

Laravel Developer

Intesols [🔗](#)

05/2023 | Ahmedabad

Developed secure and scalable RESTful APIs to support seamless mobile and web integrations.

Prestashop Developer

Intesols

05/2022 – 04/2023

Built and launched multiple PrestaShop e-commerce websites, customizing themes and modules to meet specific business requirements.

Wordpress Developer

Intesols [🔗](#)

12/2020 – 05/2022 | Ahmedabad

Developed and managed multiple WordPress websites with a strong focus on performance optimization and SEO best practices.

Projects

Snow Flow [🔗](#)

Developed and deployed a WordPress WooCommerce website for selling slushy machines. Customized themes and plugins for the product catalog, checkout, and payment processing, ensuring seamless payment integration and a fully responsive design.

Ozloka [🔗](#)

Developed a WordPress WooCommerce website for selling customized plastic lockers. Built custom templates in Elementor Pro and leveraged advanced Elementor features to create dynamic, user-friendly layouts, streamlining the development process.

MFDFood [🔗](#)

Australian PrestaShop e-commerce site for food products, featuring custom modules, responsive design, and eWAY payment integration; successfully upgraded from PrestaShop 1.6 to 8 with over 60 modules.

Charming Living

PrestaShop-based online furniture store, incorporating specialized modules.

BuildTrust [🔗](#)

- Developed a **custom portal** for Australian builders with the entire backend built in **Laravel**.

Interests

Large-Scale Projects

Enthusiastic about working on big and complex software systems that require scalable solutions.

JavaScript & Python Development

Exploring projects to strengthen full-stack skills and learn through practical implementation.

Continuous Learning

Passionate about experimenting with new technologies and improving development practices.

- Created **RESTful APIs** to support a **React front-end** for seamless user experience.
- Integrated **Stripe payment gateway** for secure and efficient transactions.
- Implemented comprehensive **accounting and builder management features**, deployed with scalable architecture.

Excellence Cars [🔗](#)

WordPress website for chauffeur services, corporate transfers, and wedding car hire. Built custom shortcodes and reusable sections to enhance flexibility. Optimized the site with responsive design, SEO, and performance improvements.

My Green Hill [🔗](#)

Developed a web platform offering courses and diplomas in Hospitality Management, Nursing, Information Technology, Business, and Barista Coffee Art. Implemented a user-friendly interface with course listing, enrollment, and secure payment features. Enhanced functionality with custom modules for content management and student engagement.
