PROJECT EXPERIENCE

ALTRA FEDERAL CREDIT UNION (12/2022 - 03/2025)

- Environment: Dot Net, Umbraco 8, JavaScript, C#, SQL Server.
- Successfully delivered web applications for Altra Federal Credit Union using Umbraco, an open-source CMS.
- Applied extensive customization to Umbraco functionalities to align with the client's unique specifications.
- Led the development of proof of concepts for Locations and Rates, addressing specific needs within the financial domain.
- Proficiently executed deployment processes for production sites, ensuring optimal performance, security, and scalability.

CLAYSYS WEBSITE (03/2025 - Present)

- Environment: Dot Net Core, Umbraco 13, JavaScript, C#, SQL Server.
- Built a dynamic corporate website using Umbraco 13, leveraging modern CMS features and .NET Core architecture.
- Implemented reusable content blocks, form integrations
- Contributed to optimizing front-end performance and ensuring accessibility compliance.

MERITRSUT CREDIT UNION (05/2025 - Present)

- Environment: Dot NET Core, Umbraco 13, JavaScript, C#, SQL Server.
- Customized Umbraco components for content flexibility, enabling marketing teams to manage pages independently.
- Collaborated in agile sprints, contributing to code reviews, testing, and continuous integration
- Enhanced site performance and security through Content security policy.
