CAREER OBJECTIVE

To secure a challenging .NET Developer role where I can apply my 2.4 years of experience in ASP.NET Core MVC, ASP.NET Web Forms, C#, and SQL Server to deliver efficient and scalable enterprise-level applications. I aim to contribute my expertise in database solutions, reporting modules, and third-party integrations while enhancing my skills to grow into a Dot Net developer.

WORK EXPERIENCE

.NET Developer

APT-Online Limited (Joint venture of TCS) | Hyderabad | 2023 – Present

- Designed, developed, and maintained web applications for Telangana CETs (EdCET), covering online registration, result processing, and counseling management modules.
- Built scalable applications using ASP.NET Web Forms and ASP.NET Core (MVC & API) with C#, ADO.NET, and Entity Framework Core..
- Integrated secure payment gateways and OTP-based candidate verification modules ensuring compliance, security, and reliability.
- Implemented and optimized SQL Server 2019 solutions, including complex stored procedures, indexing, and query optimization for efficient data handling and reporting.
- Collaborated with cross-functional teams in Agile sprints, contributing to analysis, design, development, testing, and deployment phases of the SDLC.
- Proactively identified technical risks, optimized system performance, and proposed improvements to enhance project delivery.
- Ensured high availability of government-critical applications by continuously monitoring and tuning database performance.
- Key Achievements:** Optimized SQL Server queries, which reduced report generation time by 30%, successfully handled over 50,000 candidate records during the Telangana CET counseling module with zero downtime, and contributed to enhancing system efficiency to support more than 1 lakh concurrent exam registrations seamlessly.

SKILLS

- Languages:** C#, JavaScript, HTML5, CSS3.
- Frameworks:** ASP.NET Core MVC, ASP.NET Core Web API, ASP.NET Web Forms, ADO.NET, Entity Framework Core, Bootstrap 5.
- Databases:** Microsoft SQL Server, MySQL, Stored Procedures.
- Tools & Libraries:** LINQ, Visual Studio, GitHub,Postman.

EDUCATION

Bachelor of Technology (B.Tech), Electrical & Electronics Engineering

Lendi Institute of Engineering and Technology | 2020 – 2023 | Vizianagaram

Diploma in Electrical & Electronics Engineering

MRAGR Government Polytechnic College | 2017 – 2020 | Vizianagaram
