PROFESSIONAL SUMMARY

Android Developer with 2+ years of experience in building and deploying scalable mobile applications Proficient in Java and Android Jetpack with strong expertise in MVVM architecture, RESTful API's, Firebase and Jetpack Component. Experienced in both Android. Skilled in delivering mobile solutions within Agile teams, ensuring code quality, optimized performance and improved user experience.

TECHNICAL SKILLS

- **Programming Languages:** Java, Swift, SQL, Oops, Kotlin
- **Android Development:** Android Jetpack (LiveData, ViewModel, Room, Navigation, WorkManager), MVVM, Clean Architecture
- **Frameworks & Libraries:** Retrofit, Dagger/Hilt, Glide, Firebase SDKs
- **Databases:** Firebase Realtime Database, MySQL, SQLite, Room
- **Tools & Platforms:** Android Studio, Xcode, Git, Gradle, Postman, GitHub Actions
- **Technologies:** Firebase (Authentication, Realtime DB, Cloud Messaging), Push Notifications, Payment Gateways, RESTful APIs

PROFESSIONAL EXPERIENCE

Android Developer

May 2025 - Present

Inventurs Minds Pvt. Ltd., Indore

- Engineered gesture navigation (swipe, double-tap) increasing task efficiency by 40%.
- Designed and built Aixtur Launcher, a third-party Android Launcher with customizable features.
- Implemented adaptive themes and optimized resource loading for the app drawer, diminishing lag by 35% and enabling smoother scrolling for users with older devices.
- Leveraged Kotlin, Java, and Retrofit to develop robust API integrations for the Aixtur Launcher, enhancing data synchronization and reducing latency issues by an average of 15ms.

Android Developer

May 2024 - Apr 2025

MakeOver Solution, Indore

- Created Salon Customer App enabling appointment booking and real-time notifications, boosting user retention by 28%.
- Integrated Firebase Authentication & Realtime Database to securely manage 500+ daily transactions.
- Deployed topic-based FCM push notifications, increasing engagement by 30%.
- Integrated Java, Kotlin and Firebase into the Salon Customer App, which resulted in a 28% boost in user retention through real-time notifications and streamlined appointment booking.

iOS Developer Intern

Oct 2023 - May 2024

Code Better, Indore

- Constructed Clinic Management App (iOS) enabling doctors and receptionists to manage patient records.
- Implemented CRUD operations using Cocoa Touch, improving patient data handling by 25%.
- Tech Stack: Swift, Cocoa Touch, Xcode

Associate Engineer

Apr 2022 – Mar 2023

Harman Connected Services, Pune

- Contributed to SDLC for enterprise-level applications using Java, Spring, and SQL.
- Developed backend modules that improved efficiency of data processing by 20%. Collaborated in Agile teams ensuring timely delivery of product releases with 95% sprint completion rate.

ACADEMIC PROJECTS

Online Grocery Management

- Developed a comprehensive web application using Java, HTML, CSS, and MySQL; with enhanced user experience and increased transaction efficiency through precise interface design and backend optimization.
- Initiated an online shopping platform facilitating seamless buying and selling; enabled shopkeepers to sell products online easily.

EDUCATION

Bachelor of Technology in Computer Science and Engineering (CGPA-7.7)

Rajiv Gandhi Proudhyogiki Vishwavidyalaya (RGPV), Indore, MP
