PROFESSIONAL EXPERIENCE

Quess Corp Ltd (Client: SBI Card)

Senior Analyst – Power Apps Developer ➤ Jan2025– 28May 2025

End-User Support Application (Laptop & Accessories Issuance)

- Built a Power Apps solution for laptop/accessory issuance with manager request, IT update, and employee confirmation.
- Automated emails at each stage for smooth communication.
- Added matrix/table views with search by serial number, name, and email.
- Improved asset tracking and IT accountability.

CapEx Budget Application

- Developed Power Apps + Power Automate workflow for end-to-end CapEx approvals.
- Enabled multi-level approvals with comments, rejections, and automated notifications.
- Ensured seamless routing and transparent decision tracking.

SoftAge Information Technology Limited

Senior Executive – Power Apps Developer. ➤ Jan 2024 – Jan 2025

ISMS Auditing System

- Built a multi-screen Canvas App for audits, incidents, corrective actions, and training.
- Automated alerts and reminders; stored structured data in Dataverse.
- Created Power BI dashboards for audit scores, risks, and compliance insights.
- Improved audit efficiency and organizational transparency.

Scooty Rental Management System

- Developed a Model-Driven App for scooty bookings and rentals.
- Designed Dataverse tables and automated confirmations, reminders, and status updates.
- Reduced manual work and improved booking/payment tracking.

Nisha Technologies LLP

Power Apps Developer. ➤ Dec 2021 – Jan 2024

Asset Expenditure Dashboard (Power BI | DAX)

- Created dashboards for asset purchases, expenses, and budget variance.
- Added filters and visuals for easy analysis and decision-making.
