## SKILLS

- Frameworks: Laravel, CodeIgniter, Core PHP
- Languages: PHP, HTML, CSS, JavaScript
- Databases: MySQL
- Integrations: REST API, Payment Gateway (Stripe, Razorpay, PayPal), Email (SMTP)
- Analytical Thinking

## LANGUAGES

- Tamil
- English

## PROFILE

A passionate and detail-oriented backend developer with over 2 years of hands-on experience in developing scalable and secure web applications using Laravel, CodeIgniter, and Core PHP. Skilled in RESTful API integration, database design, email integration, and backend optimisation. Strong in problem-solving and collaborative development with a focus on delivering efficient, user-centric solutions.

## WORK EXPERIENCE

**INFLIBNET Centre, Gujarat**  
**Programmer**

2023 - PRESENT

- Developed and maintained web applications and university websites using Laravel and CodeIgniter.
- Designed and optimised MySQL databases for high performance.
- Contributed to major university projects, including Mahatma Gandhi Central University, Doon University, CU Himachal Pradesh, and CUG, by delivering responsive, database-driven web solutions.
- Integrated backend systems with secure login and role-based access.
- Implemented BharatCat Solr integration to automatically detect script languages in title, update the database, and export the file csv format using PHP.
- Designed and developed Admin Panel pages for the IndCat project, implementing serial integration with add, update, and search functionalities on bibliographic records using PHP CodeIgniter 3 and Apache Solr for fast indexing and retrieval.
- Configured and tested new indexing, updated search functionalities, and integrated OCS (Online Copy-Catalog System) with MySQL and SQL Server, ensuring successful execution and resolving issues through .NET debugging.

## PROJECTS

**Blood Bank Management System | (PHP, MySQL)**

- Developed a backend system for donor and blood inventory management.
- Optimized database queries to improve response time by 25%.
- Built secure registration and tracking functionalities.

## STRENGTH

- Quick Learner
- Self-Motivated
- Strong Problem-Solving Skills
- Team Collaboration

## EDUCATION

- **Bachelor of Engineering (Computer Science )**  
Government College of ,  
Engineering, Tirunelveli |  
2019 - 2023  
**CGPA: 8.5**
- **Higher Secondary Certificate (HSC)**  
St. Johns Hr. Sec. School,  
Tirunelveli | 2018 -2019  
**CGPA: 8.8**
- **Secondary School Certificate (SSC)**  
St. Johns Hr. Sec. School,  
Tirunelveli | 2016 -2017  
**CGPA: 9.2**

### Task Management System | Laravel

- Developed and updated static and dynamic pages using Laravel.
- Implemented CRUD operations for content management, ensuring seamless data handling.
- Integrated Laravel authentication for secure user login and role-based access control.
- Optimized database interactions using Eloquent ORM and MySQL.
- Ensured mobile responsiveness and efficient performance across all devices.

### Blog Website Development | Laravel

- Developed a dynamic blog website using Laravel, implementing
- CRUD operations for post management.
- Integrated user authentication with role-based access and optimized Eloquent ORM for database management.

### Book Review System | Laravel

- Built a scalable review system with advanced query optimization and caching.
- Used one-to-many relationships for users and reviews.
- Added custom Blade components and API rate limiting for secure access.

### E-Commerce Checkout & Payment Gateway Integration | Laravel

- Developed a secure checkout system with Razorpay/PayPal integration.
- Implemented order management, including cart handling, order placement, and invoice generation.
- Integrated email notifications for successful transactions and refunds.
- Optimized backend using Eloquent ORM and transactional queries for reliability.

## DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
