

Name: Pratik Baburao More

Email: morepratik562@gmail.com

Contact No: 8975487876

Career objectives:

Software Engineer with 3.9+ year of experience in building scalable applications using **C#,VB.NET,.NET CORE, ASP.NET, Web API, MVC, SQL, ReactJs, Azure and JavaScript**. Strong expertise in API development, database optimization and frontend integration. Experienced in Git and agile SDLC environment.

Work Experience:

Aloha Technology Pvt.Ltd (Software Engineer)

10 march 2023 –Present

Projects:

1.Zynx Health Care.

Technologies : C#, VB.Net ASP.Net, SQL,.Net CORE, JIRA, API, React, Azure

Description: Developed and enhanced healthcare applications for evidence-based Plans of Care and Order Sets used by hospitals to standardize treatment guidelines. The project consists of three connected applications—Windows tools (OSAT, ZCAT, RefMan) for creating, modifying, and pushing approved Plans of Care to production; Update Center (.NET Core Web API + ReactJS + Syncfusion) for tracking changes and AuthorSpace (C# ASP.NET web app) for reviewing and validating clinical content before deployment

Responsibilities: Full Stack Development using **.NET Core Web API** and **ReactJS**. Designed APIs, integrated frontend features, and optimized database performance. Improved application performance by optimizing APIs, SQL queries, and page load time. Worked with clients to gather requirements and implement changes. Managed tasks and bugs in **JIRA** and performed unit testing for code quality.

CasePoint PVT. LTD (Associate software engineer)

02 Jan 2023 to 15 Feb 2023

2.Employee management Portal.

Technologies: C#, MVC, JQuery, JS, Postgre SQL, Kendo UI
