SUMMARY

Full Stack Developer with 2+ years of experience in building web applications using PHP, Laravel, JavaScript, MySQL, HTML5, and CSS3. Skilled in SDLC, Agile, database optimization, and debugging. Experienced in working with Git, GitHub, Postman, and Apache deployment to deliver secure and scalable solutions.

EXPERIENCE

Software Developer

Ethika Insurance Broking Pvt. Ltd. – Full Stack Developer

July 2023 – Oct 2025

Hyderabad

- Gathered and analyzed business requirements, actively contributing to both SDLC and STLC phases to ensure projects aligned with client needs.
- Designed, developed, and maintained over 10 scalable web applications using PHP and Laravel, delivering enterprise-grade solutions across domains such as Insurance, LMS, Wellness, and HRMS.
- Built and managed MySQL databases, writing and optimizing 50+ complex queries, which improved data retrieval efficiency by 30%.
- Implemented secure authentication, authorization, and role-based access control (RBAC), reducing unauthorized access issues by 40%.
- Optimized SQL queries using Laravel’s Query Builder and raw queries, improving performance for large datasets and complex joins by up to 45%.
- Automated routine tasks with Laravel Artisan commands (seeding, cache clearing, migrations), cutting down manual effort by 20%.
- Developed responsive and user-friendly front-end interfaces with HTML, CSS, Bootstrap, and JavaScript, achieving 100% cross-browser compatibility and boosting user satisfaction scores by 25%.
- Used Git across GitHub, GitLab, and Bitbucket to manage version control, reducing merge conflicts and improving collaboration by 35%.
- Wrote clean, maintainable code and participated in peer code reviews, which helped reduce post-release bugs by 15%.
- Diagnosed and fixed 100+ application issues through error log analysis and debugging, improving overall system uptime by 20%.
- Provided technical support and post-deployment maintenance, resolving 95% of user-reported issues within SLA.
- Partnered with QA, designers, DevOps, and stakeholders to ensure smooth delivery, achieving a 95% on-time project completion rate.
