- Integrated **Oracle PL/SQL** procedures for performing queries, data manipulation, and overall management of training and LMS data.
- Implemented reporting and dashboards for user performance and training metrics.

Key Skills: **.NET Core, ASP.NET Web Forms, C#, LINQ, MVC, REST API, Entity Framework, PL/SQL, LMS development, Mobile Application Development**

Python Development – Intern || Irohub Infotech Pvt. Ltd

Nov 2023 – Apr 2024

- Developed web applications using **Python** and **Django framework**, leveraging **MVT** architecture for structured and maintainable code.
- Designed and implemented **REST APIs**, integrated with **HTML, CSS, and SQL** for dynamic web functionality.
- Tested and maintained applications using Postman to ensure reliability and performance.
- Gained exposure to Angular framework and collaborated on **Git-based version** control for project management and deployment.

EDUCATION

MASTER OF COMPUTER APPLICATIONS

OCT 2021 – SEP 2023

UNION CHRISTIAN COLLEGE, ALUVA, ERNAKULAM

CGPA 7.98 / 10

BSC. MATHEMATICS

AUG 2018 – APR 2021

ST. ALOYSIUS COLLEGE, ELTHURUTH, THRISSUR

Percentage - 70.00 %

PLUS TWO

2016 – 2018

GHSS CHERPU

Percentage – 83.90 %

SKILLS

- **Programming Languages:** Python
- **Frameworks:** .NET Core, ASP.NET, Entity Framework Core, Django
- **Database:** Oracle, MySQL, SQLite, PL/SQL
- **Web Technologies:** HTML, CSS, Bootstrap, JavaScript (basic)
- **Tools:** Visual Studio, Visual Studio Code, SQL Developer, IIS
- **API & Testing:** RESTful APIs, Swagger
- **Version Control:** GitHub
- **Soft Skills:** Teamwork, Adaptability, Problem Solving, Communication

PROJECTS

Lawride Scheme

- Developed a legal services platform enabling users to search and connect with legal professionals based on specialization and availability, using Python, Django (MVT), Django ORM, HTML, CSS, SQL.
- Implemented appointment scheduling and communication features, allowing seamless interaction between users and advocates.
- Built advocate registration and profile management, enabling legal professionals to showcase their expertise and offer services online.
- Designed the system to handle user requests efficiently and provide real-time updates on availability and appointments.

CERTIFICATIONS

Software Testing || NPTEL || JAN 2022 – MAR 2022

Python Development Intern || Irohub Infotech Pvt.Ltd || NOV 2023 – APR 2024
