Development Tools: Git, Postman, NPM, Yarn, Docker
CMS & Platforms: WordPress, WooCommerce, Elementor Pro, XenForo, Webflow
Other Skills: Web Scraping(BeautifulSoup, Selenium), SEO Optimization, Rankmath ,Semursh

PROFESSIONAL EXPERIENCE

Zealous Services (Full Stack Developer**)**   **Aug 2023 - Present**

- Developed and maintained 3 custom CRM systems (Healthcare, Dialer, and Business Operations) supporting 100+ users, with automation, reporting, and real-time analytics
- Built 4 to 6 responsive websites and web applications with modern UI/UX, leveraging WordPress, React.js, and custom PHP development
- Integrated third-party platforms and APIs such as GoTo Connect, Dialpad, VICIdial
- Optimized system performance and scalability, improving load times by up to 30% and ensuring seamless multi-user access
- Developed interactive admin consoles and reporting tools with drag-and-drop builders, AJAX, and dynamic JSON structures, enabling real-time insights and customizable dashboards

Zealous Services (Dialer Engineer**)**   **Mar 2021 - July 2023**

- Managed and optimized VICIdial systems and campaign routing strategies for multiple client deployments
- Contributed to dialer-based CRM development with role-based access controls and VoIP integrations
- Created custom reporting dashboards and maintained 99.5% system uptime through proactive monitoring
- Resolved complex technical issues efficiently, reducing average resolution time by 25%

EDUCATION

Sri Venkateswaraa College Of Technology   **Aug 2015 - Mar 2019**

Bachelor of Engineering in Electronics and Communication Engineering

Velammal Matriculation School   **June 2013 - Mar 2015**

Higher Secondary Education in Computer Science

KEY PROJECTS

1. **Healthcare CRM System –** Built a scalable CRM for 100+ users with dynamic reporting, real-time dashboards, and secure EHR integration, improving efficiency by 30%. (PHP, Laravel, MySQL, jQuery, Bootstrap)
2. **Dialer CRM with VoIP Integration –** Developed a call monitoring and cost-tracking system integrated with GoTo Connect, Dialpad, and VICIdial, enabling real-time agent reporting and reducing operational costs. (PHP, MySQL, API Integration, VICIdial)
3. **Inventory Management System –** Delivered a real-time stock management app with automated reorder alerts and live tracking, cutting stock-out issues by 25%. (PHP, MySQL, AJAX, jQuery)
4. **Web Scraping & OCR Solutions –** Created Python-based data extraction and OCR tools for structured data scraping and image-to-text recognition, boosting data processing efficiency. (Python, Flask, BeautifulSoup, Pytesseract)
5. **Websites –** Designed and deployed 4–6 responsive websites, including a multi-category blog (EasyReader) and a personal portfolio, with SEO optimization and 30% faster load times. (WordPress, React.js, Webflow, Elementor Pro)
