PROFESSIONAL SUMMARY

.NET Developer with 4+ years of experience in designing, developing, and maintaining enterprise applications using C#, ASP.NET MVC, .NET Core, Web API, SQL Server, Entity Framework, and CI/CD pipelines. Experienced in healthcare domain solutions, integrating APIs, optimizing performance, and working in Agile teams. Proven ability to reduce processing errors and improve system reliability.

CORE SKILLS

• Backend: C#, .NET Core, .NET Framework, ASP.NET MVC, ASP.NET Core MVC, Web API
• Database: SQL Server, Stored Procedures, Query Optimization
• ORM: Entity Framework, LINQ
• DevOps: Git, Jenkins, Bitbucket, UDeploy, CI/CD Pipelines
• Cloud: Microsoft Azure (AZ-900 Certified)
• Concepts: SOLID, Design Patterns, Clean Architecture
• Domain Expertise: Healthcare Systems, Claims Processing, EDI Processing

PROFESSIONAL EXPERIENCE

NET Developer | Atos | 07/2021 – Present
• Designed and developed scalable enterprise applications using .NET Core, MVC, Web API, and SQL Server.
• Built RESTful APIs and modular components aligned with microservices principles.
• Enhanced deployment efficiency by 30% via CI/CD automation.
• Reduced claim processing errors by 15% through workflow optimization.
• Improved system performance via SQL tuning and modernization of legacy modules.
• Created Unit Tests ensuring stability during releases.
• Delivered RCA-driven permanent fixes reducing repeated issues by 40%.
• Participated in Agile ceremonies including sprint planning, grooming, and reviews.

PROJECTS

CDH Automation | .NET Core MVC, Web API, SQL Server | 03/2025 – Present
• Developed automated solution replacing legacy CDH adapter.
• Integrated with Aleegus platform for automated claim data exchange.

Business Rule Engine | .NET Core, SQL Server, XML | 10/2023 – 01/2025
• Engine validating 10,000+ claim files/day with automated rule processing.
• Implemented duplicate detection logic and XML/log generation.
• Reduced manual review effort by 60%.

Treatment Cost Navigator | ASP.NET MVC, SQL Server | 06/2022 – 09/2023
• Built cost comparison modules for healthcare customers.
• Automated ingestion from Cognizant and TCN DB improving accuracy by 35%.

Macess Foldering Config Editor | ASP.NET MVC, SQL Server | 11/2021 – 06/2022
• Built metadata management system for claim documents.
• Enabled CRUD operations for foldering and configuration attributes.

EDUCATION

Bachelor of Engineering – Computer Science
Bharat College of Engineering, Badlapur (2017–2020)

CERTIFICATIONS

• Microsoft Azure Fundamentals (AZ-900)

ACHIEVEMENTS

• Spot Recognition Award for delivery excellence and performance improvement.
