Objective

To work in a growth oriented company and contribute to the development of the organization while upgrading my skill set and knowledge

Experience

Junior Software Developer

Amromed LLC | Jan 2025 - Dec 2025

- Working on Amromed's Therapy Practice Management software, a healthcare product that helps clinics efficiently manage patient records, appointments, providers, and billing processes.
- Collaborate with senior developers and the product team to **implement new features, resolve bugs, and enhance application performance.**
- Involved in end-to-end web development using **PHP, Laravel, HTML, CSS, JavaScript, and jQuery.**
- Contributed to modules such as **patient management, provider management, therapy scheduling, and billing processes**, improving overall workflow efficiency.
- Contribute to **API development, database migrations, and seamless product updates.**
- Utilize **Jira** for task tracking and collaboration across teams.
- Focused on delivering user-friendly interfaces, optimizing load times, and maintaining high code quality standards.
- Support the testing and deployment process, ensuring smooth and stable software releases for clients.
