

KAMALESH S

JAVA FULL STACK DEVELOPER

📍 Sengatuppatti,Trichy 📞 [9345751384](tel:9345751384) ✉ kamaleshsekar02@gmail.com

Profiles  [kamalesh/github](https://github.com/kamalesh)

Summary

Enthusiastic B.E. ECE graduate with strong skills in **Java Full Stack Development**. Experienced in **Core Java, JDBC, MySQL, Servlets, JSP, HTML, Spring, Spring Boot, Hibernate, and Spring Security**. Skilled in building web applications, creating RESTful APIs, securing applications with authentication/authorization, and managing data using Hibernate.

Hands-on experience in full project development, including backend logic, database handling, and front-end integration. A quick learner with good problem-solving skills and a passion for clean, efficient code. Looking for a Java Full Stack Developer role to contribute to real-world software projects.

Experience

Techietact Solutions OPC PVT Ltd **June - 2025**
Intern **Chennai**
 <https://www.techietact.com/>

Java Full Stack Developer trainee with hands-on experience through an apprenticeship at **Techietact Solutions**, working on real-time projects using **Java, JDBC, Servlets, JSP, and MySQL**. Currently upskilling in **Spring, Spring Boot, Hibernate, and Spring Security** to build modern and scalable web applications.

Completed major projects including:

Employee Management System (EMS): CRUD-based web application featuring secure login, employee data management, and session handling.

MyJobbie Application : Worked on UI alignment improvements, implemented CRUD operations across multiple modules, resolved misnavigation issues, and optimized user flow for better usability.
