- MCA - Indira Gandhi National Open University| 2024
- BCA - Udhna Citizen Commerce College, Surat | 2021
- 12th Commerce - LD High School,Surat| 2018
- 10th - LD Hight School,Surat| 2016

Key Projects

Quizifylo:

Technology: Laravel, Vue.js

Description: Web application for creating and managing custom quizzes. Implemented CRUD operations, user profiles, Unsplash API integration, image cropping, and robust security. Included marketing integrations (Klaviyo, Mailchimp, Mailgun, ActiveCampaign, Zapier, Brevo), authentication (Google OAuth, Microsoft OAuth, Google One Tap, Laravel Auth), email notifications, product add-to-cart, and subscription management.

Quizify:

Technology: REST APIs

Description: Developed the entire platform from scratch, building all backend APIs for quiz creation, editing, marketing integrations, design settings, and homepage data. Tested APIs using Postman and PostgreSQL for reliability and seamless functionality.

TRIANGLE LUXURY:

Technology: Laravel, Livewire

Description: Property management application for buying, selling, and renting properties. Managed project end-to-end, including CRUD operations, role-based features for investors, managers, and ambassadors, admin panel management, and client coordination with Israel for meetings, requirements, and feature suggestions.

Sports Event Registration System - VNSGU:

Technology: Laravel

Description: In this system, Admin can add events with basic details and which sports include a particular age category with particular fees

Mirrikh Infrastructure:

Technology: PHP, CodeIgniter

Description: MLM application for selling and purchasing products with token management. Implemented product listing, filtering, and enhanced user experience features.

Digital V-Card:

Technology: Laravel, Vue.js

Created backend for a responsive digital business card platform accessible across devices without requiring an app. Allowed users to manage contact info, social links, and digital brochures.

Language

- English • Gujarati • Hindi • Telugu • Marathi
