Professional Summary

Full-stack Web Developer with around 2 years of experience specializing in **PHP**, **Laravel Framework**, and **Livewire**. Skilled in **React**, **Node.js**, **MongoDB**, and **RESTful APIs**, with a strong focus on performance optimization, responsive UI development, and clean code practices. Passionate about building secure and scalable web applications that deliver real business value.

Experience

TecData IT Service Private Limited – Full Stack Developer

March 2024 – Present

Skills Used: React.js, Node.js, PHP, Laravel Framework, HTML, CSS, JavaScript, SQL

- **Personal Loan Lead Management System**

Developed a full-stack **Personal Loan Lead Management System** using **React**, **Node.js**, **Express**, and **MongoDB** to automate lead capture, assignment, and follow-up workflows. Built responsive UI components and integrated RESTful APIs for lead creation, updates, and status tracking. Implemented **JWT authentication** with role-based access for admins and agents, and designed optimized MongoDB schemas for leads and activity logs. Enhanced reliability through validation, error handling, and API performance tuning. The system replaced manual Excel processes, improved operational efficiency, and increased lead conversion rates.

- **Insurance ERP and Claims Tracking**

Developed a comprehensive **Insurance ERP and Claims Tracking CRM system** to manage policies, claims, agents, and customer workflows with real-time status updates. Implemented multiple third-party API integrations for policy validation, premium calculation, and claim status synchronization. Built modular dashboards, dynamic forms, and automated workflows using optimized backend logic. **Designed dynamic Excel/PDF report generation** with advanced filtering, custom columns, and real-time export capabilities. Enhanced system performance with optimized queries, validation, and secure role-based access, resulting in faster claim processing and improved operational accuracy.

Technical Skills

Programming: React.js, Node.js, PHP, JavaScript, SQL

Frameworks & Libraries: Laravel, Livewire, Bootstrap, jQuery

Databases: MySQL, PostgreSQL, MongoDB

Web Development: HTML5, CSS3, Responsive Design, RESTful API Development

Testing & Tools: PHPUnit, Postman, Git/GitHub, Chrome DevTools, VS Code

Education

ER. Perumal Manimekalai College of Engineering, Hosur May 2021

May 2021

Bachelor of Engineering (B.E.) in Mechanical Engineering

GPA: 7.70
